

Medication Disposal Coalition of Montcalm County

Meeting Minutes

July 19, 2019

Mission:

To provide education and resources for proper disposal of medications in an effort to protect our environment, prevent childhood poisonings, and reduce substance abuse.

Present: Jodie Faber, Ray Holloway, John Kroneck, Ron Finegood and Leslie Kinnee.

Law enforcement update

Jodie met with Dennis Magirl about the new box for Greenville Department of Public Safety. They want a box with a door that's higher off the ground, so they can put a plastic tote in there to collect meds that they can just pull out. Jodie found a box that would suit their needs. Ron will stop in to measure the space to make sure the box we're looking at will fit.

Sharps

We will provide more frequent updates on the number of sharps boxes collected from all the sites. We would like to get all parties together to discuss the program.

Montcalm Prevention Collaborative update

The full Collaborative met on July 10. Highlights of that meeting include: the signing of Collaborative agreements; discussion regarding liability insurance; discussion regarding strategic plan; approval of bylaws; written procedures for credit card use, purchasing, and travel and business were presented and approved.

Communications Team update

A media campaign was discussed at the last meeting. The website was down for a few days but the issue has been resolved.

Next meeting:

August 16, 2018 from 10:00 to 11:30 p.m. at the Health Department in Stanton.
