NAME

The name of the Collaborative is Montcalm Prevention Collaborative.

PURPOSE

The purpose of the Collaborative is to utilize the Community Anti-Drug Coalitions of America (CADCA) methodology and grants such as the Drug Free Communities (DFC) grant from the Substance Abuse and Mental Health Services Administration to accomplish its Mission.

MISSION

The Collaborative's mission is to reduce youth substance misuse throughout Montcalm County in a comprehensive and long-term manner. While its primary focus is on youth, the Collaborative is dedicated to "valuing each life by creating a healthier community."

VISION

Every Montcalm County resident can access comprehensive substance use prevention, treatment, and recovery resources in an inclusive and accessible manner.

VALUES

Working to create a healthier community starts with the Collaborative members. Accordingly, all Collaborative members must adhere to the following values:

- The Collaborative is Greater Than its Parts. The Collaborative's mission is more important than the needs or interests of any one individual. Therefore, Collaborative members agree to commit their skills and talents in a way that supports the Collaborative's mission and objectives.
- A Healthier Community is Founded on Trust. The Collaborative values openness, respect, and honesty in its members, because those are the traits that will allow members to build trust with one another.
- A Healthier Community Embraces Healthy Communication. Collaborative members will actively listen to each other, agree, or disagree with one another, and share their ideas and beliefs both freely and with respect.
- A Healthier Community Requires Commitment. Members understand that there will never be total unanimity within the Collaborative. Once members have had an opportunity to express their views and the Collaborative has reached a decision, members commit to fully embrace such decisions because they have been made through the collaborative group process.
- A Healthier Community Demands Accountability. Collaborative members will actively work to hold each other accountable. They will seek to correct behaviors that are detrimental to the Collaborative and celebrate behaviors that are beneficial to the Collaborative.

Montcalm Prevention Collaborative Bylaws

- A Healthier Community Resolves Negative Conflict in a Positive, Productive Way. Collaborative members embrace conflict as a natural byproduct of working with diverse individuals and organizations. When negative conflict arises, Collaborative members agree to follow the Collaborative’s Conflict Resolution procedure in Article VII and/or Article I, 1.1.4.
- A Healthier Community Achieves Measurable Results. Collaborative members will work together to develop and implement an Action Plan to accomplish the Collaborative’s Mission. The Collaborative will regularly evaluate its capacity and activities to ensure that it makes steady progress toward achieving the goals in the Action Plan.

Montcalm Prevention Collaborative Bylaws

Article VII CONFLICT RESOLUTION

- 7.0 Consistent with its stated mission and values, the Collaborative expects all members, staff, and fiscal-agent representatives to embrace conflict and to work through negative conflict in positive, productive ways. Toward that end, the Collaborative has adopted a Conflict Resolution Policy, which all members, staff, and fiscal-agent representatives must adhere to. The Policy provides five (5) alternatives for resolving negative conflict:
- 7.0.1 Overlook. Whenever possible, to preserve the Collaborative’s mission, a member will choose to overlook a conflict with another member.
 - 7.0.2 Reconcile. When the conflict cannot be overlooked, the member will pursue a one- on-one meeting with the offending person as soon as is reasonably possible. Texts, email, and phone conversations are discouraged as a means of resolving interpersonal conflicts. A one-on-one meeting will allow members to reconcile their differences, admit responsibility, and forgive each other for any offenses.
 - 7.0.3 Negotiate. In addition to reconciliation, members will resolve substantive issues through bargaining and negotiation until a mutually agreeable solution has been reached.
 - 7.0.4 Assisted Resolution. When members are unable to resolve their differences on a one-on-one basis, they may seek the assistance of the Executive Board in utilizing a more formal conflict-resolution process. The two primary options for formal conflict resolution are:
 - 7.0.4.1 Internal Mediation. The Executive Board will select an impartial Board Member, mutually agreed upon by the parties, to facilitate the conflict-resolution process. Whenever possible, mediation will occur within 14 days after referral to the Executive Board. If the conflict is successfully resolved, the mediator will prepare a written report and provide copies to the parties and the Executive Board. Mediation is non-binding, and a member may reject the mediator’s suggestions or recommendations if the member finds them unacceptable.
 - 7.0.4.2 External Mediation. If Internal Mediation is unsuccessful, the Executive Board will request that an outside expert serve as an impartial mediator to facilitate the conflict-resolution process. This form of mediation is also non-binding and either party may reject the mediator’s suggestions or recommendations if they are deemed unacceptable.
 - 7.0.5 Arbitration. When members cannot reach a voluntary resolution of the conflict, they agree to submit their dispute to an impartial third-party arbitrator who has the authority to render a binding decision. In the interests of resolving the conflict conclusively and moving forward in a productive way, both parties agree to abide by the arbitrator’s final decision.

Article VIII AMENDMENT

- 8.0 Any amendment to these Bylaws must be made, in writing, and approved by a simple majority of the Active Members present in person or virtually at any Collaborative meeting.

Montcalm Prevention Collaborative Bylaws

- 8.1 Written notice of the proposed amendment must be given to all Active Members with signed Collaborative Involvement Agreements at least thirty (30) days before a vote may be taken.
